# 3/4'' Aluminium camlock cap

**Product codes:**

Reference:
PC233-00065
EAN13: -
UPC: -

**Product attributes:**

**Product description:**

The cam cap, a DC type coupler, allows a quick, simple and waterproof connection. Easy to use and resistant, it is used to conceal the passage of all types of fluids in the food, chemical, petrochemical and bulk transport of liquids and powders.... Our assembly advice: Present the two connections face to face, the adapter (male part) in front of the coupling plug (female part) The diameter of the two connections must be the same to allow the connection Insert the two connections Fold down the cams of the coupler cap to lock The cam couplings are fitted with NBR seals as standard. Material: Aluminium ASG Connection according to standards: NF EN 14420-7 Connections for half-shell hoses: cam couplings
