Centrifugal cobra pump 3"/3"+hydraulic motor 17cc

Product codes:

Reference:
PC260-00005
EAN13: -
UPC: -

Product attributes:

Product description:

The COBRA self-priming centrifugal pumps are perfectly suited for the distribution of fuel on bar feeders. Directly driven by a hydraulic motor, it requires no coupling. Application: Pump for bar feeder equipped with a distribution unit with a flow rate up to 80m3/h. Advantages: - Simplified maintenance in the absence of a coupling - Vibration and noise reduction Features: - Max flow rate: 75m3/h - Suction flange: 3" (use Victaulic collar) - Discharge flange: 3"'. - Direction of rotation: Clockwise - Volute: aluminium - Drive: PMT - Weight: 35,5 kgs
