Product description:

In addition to the lapping Took Kit Aljac have developed a simple tool to allow removal of the piston from an HECV in a safe and controlled manner. Ideally suited to smaller locations wothout well equipped workshops or service vans thet tool is small and lightweight and designed to work with any of the HECV's in Eaton's Carter product range. The kit comes complete with lapping tool, EW00000515 and piston removal Tool.
