High visibility bonding reel

Product codes:

Reference:
SE615-00019
EAN13: -
UPC: -

Product attributes:

Product description:

This high visibility equipotential bonding reel is a much improved version of the black version we previously manufactured:

- High visibility paint for better day and night vision of this safety element

- Durable electrical continuity (ensured by wear-resistant lugs, screws mounted with conductive grease and adjustable braking)

- Easy to handle with its sturdy, petroleum-resistant handle

- 20% less winding/unwinding effort due to a wider hub

- Improved durability with a high resistance stainless steel cable guide

Equipment delivered without its equipotential bonding cable, cable stop and ground clamp (see associated products)
